Future Plan – Bio-Diversity Park

BNHS Presents Mumbai's First

BIODIVERSITY PARK

BNHS NATURE RESERVE

a 33 acres wilderness

The Conservation Education Centre is surrounded by sprawling, undulating forest. Winter, summer and rains bring with them the music that is unique to these seasons. There are 5 nature trails laid in the wilderness.

BACKGROUND

- BNHS Nature Reserve has been operational for past 19 years.
- Now it aims to evolve into a state of art-Mumbai's first Biodiversity Park
- Biodiversity park aims in garnering public support for nature conservation through eco-tourism
- Film City our neighbor also aims to become an international tourist destination through art and culture
- An opportunity of amalgamation of two titans in creating a landmark in India that promotes business and biodiversity
